

## MEDIA ADVISORY

FOR IMMEDIATE RELEASE  
Prosthetic Arm Demonstration

**WHAT:** More than 100 national makers and children's robotic arms will be demonstrated at Fontana High School's Bio Animation and New Products Showcase. The event is being held at the school's new Bio Animation and New Products Showcase, which is a state-of-the-art facility designed to provide students with hands-on learning experiences in the fields of biology, animation, and new product development.

In 2015, Ganer High School created a new prosthetic arm for a student named Leff. The arm is made entirely of 3D printed parts and is controlled by a small computer chip. It has a hand and fingers and can hold a pencil and a Q&A with FOIA. The cost of the arm is \$1,000.

**WHEN:** Friday, March 11  
10:45 a.m. to 11:45 a.m.  
11:45 a.m. to 12:45 p.m.

**WHERE:** Bio Animation and New Products Showcase  
9453 Citrus Avenue, Fontana, CA 92335

**DETAILS:** Fontana High School's Bio Animation and New Products Showcase is a state-of-the-art facility designed to provide students with hands-on learning experiences in the fields of biology, animation, and new product development.
