

Welcome to Chaparral Academy of Technology! As the new principal, I am thrilled to join this vibrant community dedicated to nurturing every child's potential. At Chaparral, we are committed to fostering a supportive environment where students can excel through a growth mindset, resilience, and creativity. I am excited to embark on this journey with you and make this school year an exceptional experience for all our scholars.

At Chaparral, we are dedicated to fostering an environment that nurtures every child's potential and encourages them to strive for excellence. Here are the core principles that will guide what we do:

- We believe in the power of a growth mindset, where challenges are viewed as opportunities for learning and growth. Our scholars are encouraged to embrace this mindset, understanding that effort and perseverance lead to improvement and success.
- We challenge our scholars to tackle difficult tasks with confidence and resilience. By stepping out of their comfort zones, they develop the skills and determination needed to overcome obstacles.
- Taking risks is an essential part of learning. We support our scholars in exploring new ideas, trying different approaches, and learning from their experiences, whether they succeed or encounter setbacks.
- Persistence is key to achieving goals. We instill a relentless spirit in our scholars, encouraging them to keep pushing forward and never give up, no matter how tough the journey may be.
- Every child is unique and possesses their own creative potential. We provide opportunities for our scholars to express themselves, think critically, and innovate, fostering a love for learning and discovery.
- A sense of belonging is vital for our scholars' well-being and success. We are committed to building an inclusive community where every student feels valued, respected, and supported.
- We strive to make our school a second home for our scholars, a place where they feel safe, happy, and excited to learn. Our goal is for every student to thoroughly enjoy coming to school each day.

I look forward to meeting each of you and working together to make this school year a remarkable and rewarding experience for all our scholars. Please do not hesitate to reach out to me with any questions, concerns, or ideas you may have. Together, we will make Chaparral Academy of Technology a place where every child can thrive.
