

March 2023

Dear Parent/Guardian:

Beginning April 2023, the California Assessment of Student Performance and Progress assessments or CAASPP will be administered to students. The CAASPP English Language Arts (ELA) and Math tests will be administered to students in grades three through eight and eleven. Additionally, the Science test will be administered to students in grades five, eight, eleven and twelve for students who did not take it last year in grade eleven. The results from the CAASPP tests will first be used to see where students are doing well and areas in which they might need help.

It is important to know that the test results will not be used to determine whether students move to the next grade or graduate high school.

For eligible students who have alternate assessments indicated in their IEPs, there will be the CALPADS Alternate
