RE: STUDENT SUPPORT TIME

January 20, 2021

Board Members

Dear Parents/guardians,

Serna
President

One of the components of Distance Learning is the daily support time that has been allocated for students with identified academic needs, to access the teacher to provide additional supports and intervention. The support time is for students to seek teacher assistance as well as for the teachers to reach out to their struggling students and provide additional academic/behavioral supports.

Adam Perez
Vice President

It is very important that you as parents/guardians check your email daily for messages from Alder regarding your student. Communication is key to the success of our Alder Falcons. We as a school site communicate through email, phone, and website (www.fusd.net/alder).
